

Brendon Fayerman, Business Analyst

Miami, USA, (646) 633-2560, fayermanbren@gmail.com

Date of birth 10/26/1995

PROFILE

From what began as a fascination of the stock market, it's patterns, correlations, and continuous ever-changing functions, came one of my most ground-breaking discoveries, Machine Learning. My inner competitive and puzzle-solving hunger was finally matched. Python, Web Scarpers, Data Visualization, Regressions, Machine Learning, SQL, Data Processing, Sklearn, are some of tools I use constantly when working on projects.

EMPLOYMENT HISTORY

Jan 2022 — Jan 2023 **Relationship Manager, Bank Of America** Aventura

- Developed and maintained strong relationships with key clients, and partners
