ARMAN MANTEGHI

PROFILE

Highly motivated graduate in Management Information Systems (MIS) with a specialization in cybersecurity. Aiming to leverage academic knowledge and practical experience to contribute to the success of an organization's data and business analytics initiatives. Possessing a strong foundation in computer networks, information technology, Microsoft excel, and SQL query combined with a dynamic approach to problem-solving, committed to leveraging my technical expertise and analytical skills to contribute to the success of an organization and drive data-driven decision-making. With only 1 year of hands-on experience with IT infrastructure I am dedicated to adapting and learning high demand technologies to make an impact on the company's needs.

EDUCATION

Florida Atlantic University - May 2023
Bachelors in business administration - Management Information Systems – Focus in Cybersecurity

Fall 2022 and Spring 2023 Dean's List and Honors Society Achievement

Currently working on attaining the CompTIA Security+ and ISC2 Certified in Cybersecurity Certificate while learning about dataset structures through Excel, .csv, and SQL.

WORK EXPERIENCE

Postmates – Delivery Driver
Feb 2020 – Jan 2023
Completed an increased volume of food/grocery deliveries promptly during the pandemic induced influx, maintaining a high level of customer satisfaction and helping the community in a time of need. Providing exceptional customer service by greeting customers, safely operating my personal vehicle to deliver goods, and resolving any issue that may arise during a delivery.

NR Windows – IT Administrative Intern
Jun 2019 – Jan 2020
Assisted in resolving hardware and software issues for end-users, providing timely and efficient technical support. Aided in maintaining server and network infrastructure, ensuring high availability and reliability. Managed user accounts, permissions, and access controls to ensure data security and compliance. Implemented and maintained strong security measures, including firewalls, antivirus software, and server back-ups to ensure business continuity. Also responsible for the installation, configuration, and maintenance of computer systems, servers, and network devices.

The Home Depot - Freight Team Associate
Feb 2018 – Oct 2018
I played a critical role in ensuring the efficient and timely flow of merchandise within the store. I worked collaboratively with the freight team to receive, organize, and replenish inventory, contributing to the overall infrastructure of the store's operations.

Mandel Public Library of West Palm Beach - Volunteer
June 2015 – Aug 2015
I Played an integral role in supporting the daily operations and services of the library. Dedicated my time and skills to assist library staff in providing a welcoming and organized environment for patrons. My responsibilities encompassed a range of tasks, from customer service to administrative duties, helping to ensure the smooth functioning of the library. The goal of the volunteering was to complete 100 hours for a scholarship.
