Experience

2017 - 2019

Alley-ooop | Shanghai, China

Logistics Project Manager

- Planned material requirements and managed supply chain operations ensuring timely and cost-effective delivery.
- Coordinated logistics activities, including transportation, warehousing, and inventory management, to optimize efficiency and reduce lead times.
- Managed and coordinated all supply chain initiatives both internally and externally, ensuring seamless collaboration across departments and with external partners.
- Supported global and regional supply chain logistics requirements, implementing effective strategies to meet customer demands and achieve operational goals.
- Built strong relationships with customers, sales teams, forecasting, and engineering departments to ensure alignment and exceed customer expectations.
- Achieved a high customer satisfaction on-time delivery rate with an overall error rate of less than 2%.
- Led initiatives that resulted in a 22% reduction in outbound shipping order defects while enhancing customer satisfaction by 38%.

2014 - 2016

Avtotrans Holding Company | Turkmenabat, Turkmenistan

Project Manager

As a project manager at Avtotrans Holding, I led a project to secure a US\$2.1 million loan from the European Bank for Reconstruction and Development (EBRD) to support fleet expansion and international market entry. The loan aimed to acquire 25 semi-trailer trucks and additional vehicles for transportation and construction activities. The project involved strategic planning, financial management, stakeholder communication, and risk assessment. The successful implementation resulted in Avtotrans expanding its fleet and exploring export and import opportunities in Belarus, Turkey, Afghanistan, China, and Ukraine.

The successful implementation of this project resulted in Avtotrans expanding its fleet, bolstering its market presence, and paving the way for international business opportunities. Additionally, the project aligned with the EBRD's goal of promoting private sector development and supporting Turkmenistan's integration into the global economy.
