Profile

Motivated former collegiate athlete and biology graduate seeking an opportunity to continue learning and growing. Striving for success through competitive drive and hard work has been an unshakable skill acquired throughout my years as an athlete. I am very excited to combine these experiences with my current academic knowledge and theoretical training to provide goal oriented results.

Education

[UNIVERSITY OF WEST FLORIDA](#)- Pensacola, FL | Associates of Science
Biomedical Sciences , 2018-2021

[FLORIDA INTERNATIONAL UNIVERSITY](#)- Miami | Bachelor of Science
Biological Sciences , 2021- graduating in 2023

Skills

I have performed successful labs focused on biology, chemistry, cellular biology, genetics and organic chemistry, therefore furthering and perfecting lab techniques in a variety of areas such as: acid- neutral separation, recrystallization, sublimation, gel electrophoresis, and media/ buffer preparation.

I have also become comfortable in a few programming languages including R studio and Visual Basic, and am currently learning Python.

Throughout my university enrollment, I have worked as a server, giving me the ability to multi-task and hustle while maintaining an upbeat goal oriented mentality.

From the ages of 6 to 21 I was a student athlete. I played competitive soccer for the majority of my life and this has instilled a strong competitive work ethic in me of which I apply to everything I do. Playing at the collegiate level taught me to balance and persevere both physically and mentally.
