PROFESSIONAL SUMMARY

Senior .NET Developer with 5+ years of experience developing Windows and web applications using C# and .NET technologies. Skilled in building REST APIs, designing databases, and delivering reliable, scalable solutions. Experienced in working in Agile environments, handling client requirements, and supporting production systems.

SKILLS

TECHNICAL SKILLS

- **Backend Technologies:** C#, .NET Core, ASP.NET MVC, Web API, WinForms
- **Frontend Technologies:** Blazor, Angular, HTML, CSS, JavaScript, Bootstrap, Razor Pages
- **Databases:** Microsoft SQL Server, PostgreSQL, MongoDB, SQLite
- **ORM & Data Access:** Entity Framework, Dapper, LINQ, ADO.NET
- **Caching & Messaging:** Redis (Working Knowledge), SignalR (Working Knowledge)
- **Version Control:** Git
- **Cloud:** AWS (Working Knowledge)

SOFT SKILLS

- Team Collaboration
- Problem Solving
- Client Communication
- Requirement Analysis
- Mentoring Developers
- Production Support

PROFESSIONAL EXPERIENCE

Apr 2023 – Present **Sr. Web (.NET / Angular) Developer**
Yudiz Solutions Limited

(Project: Betting Platform - Confidential)

- Developed and managed online betting platform supporting sportsbook, casino, and live gaming modules
- Designed and implemented core betting functionalities including deposit, withdrawal, bonus, and wallet modules
- Integrated third-party game providers and implemented game logic coordination
- Developed responsible gaming, fraud detection, and risk management modules
- Implemented payment gateway integrations and handled transaction workflows
- Worked with third-party vendors to understand API documentation and integrations
- Collaborated with technology managers and clients to gather application and website requirements
- Reviewed and debugged .NET applications and ensured high-quality code delivery
- Coordinated closely with DevOps and QA teams for releases and quality assurance
- Managed production deployments and handled release cycles

- Provided 24x7 production support including bug fixes and hotfix deployments

Jan 2022 – Mar 2023 **Web (.NET / Angular) Developer**
Centillion Softtech Private Limited

(Project: Mersino Pumping Management System)

- Worked on a pumping management system that automatically controls submersible motors through web and mobile platforms
- Developed RESTful Web APIs using .NET for managing vehicles, vendors, employees, companies, pumps, fleet, and purchase orders
- Migrated legacy VB-based functionality to modern .NET Core architecture
- Integrated backend APIs with Angular frontend application
- Wrote and optimized database queries for various application modules
- Refactored legacy code to support system modernization and improved maintainability
- Handled deployments and participated in weekly release cycles

Jan 2020 – Jan 2022 **Jr. .NET Software Developer**
Netclues Technologies Private Limited

(Project: POS System – Restaurants, Retail & Liquor Stores)

- Worked on a complete POS system providing solutions for Restaurants, Retail Stores, Quick Service Restaurants, Fine Dining, and Liquor Stores
- Developed desktop functionalities using WinForms and backend services using Web APIs
- Implemented sales and tax logic including food stamp, beverage tax, and surcharge handling for different business types
- Integrated multiple payment gateways such as PAX, DataCap, and MX Merchant
- Collaborated with payment gateway teams for integration and issue resolution
- Provided technical (developer-level) support to US-based clients via direct calls and coordination with the support team
- Contributed to both desktop application and cloud reporting modules

Sept 2019 – Jan 2020 **.NET Developer- Intern**
Netclues Technologies Private Limited

- Gained knowledge of .NET technologies and frontend development concepts
- Developed demo applications using WinForms and ASP.NET MVC
- Practiced programming logic through pattern programs and algorithm exercises

ACADEMIC DETAILS

2016-2019 B.E. In Computer Engineering – Sal College of Engineering (GTU) (Ahmedabad)
 Final Grade: 7.92 CGPA

LANGUAGES

- English – Fluent (Written & Spoken)
- Hindi
- Gujarati
